Animals in my area

Quite often we have animals in care that need to be released back out in the wild but we cannot find a suitable location. With the information that you provide we can select a suitable area for releasing recovered animals. This information is also useful in swaying opinion on development and impacts on our environment.

Please fill in the details of animals you have discovered in your local area and send this form to:

E-MAIL
Attach a copy of the word document, or a scanned form and e-mail it to: returns@wilvos.org.au
